### An Appreciation For Quality Craftsmanship

Since 1955, Little Wonder Gas Hedge Trimmers have encapsulated “American-Made” quality craftsmanship. From the hand-finished high-carbon steel blades, to the handle design, Little Wonder gas hedge trimmers have stood the test of time and daily use of landscapers worldwide. Their hand-finished high-carbon steel blades maintain a sharp cutting edge even after heavy-duty use. All models feature double-reciprocating blades engineered to glide smooth for flawless, vibration-free trimming and superior cutting performance in any direction. Shock mounts in the handle assembly enhance user comfort. A power packed commercial-grade 21.2 cc engine with electronic ignition and a primer bulb carburetor ensures quick starts, and the transmission features hardened steel gears to produce higher torque than competitive models.

#### Single-Edge Model Features:

- Lock-out switch to reduce the risk of accidental blade engagement
- 2-position front handle
- Thru-hardened dual reciprocating, hand-finished blades
- Rubber mounts to reduce vibration
- Cutting speed of 2,400 cuts per minute on growth up to 1” thick
- Available in 30 and 42-inch blade lengths

#### Double-Edge Model Features:

- Now 20% faster and 10% lighter
- 1-inch lower profile for reduced weight and easier handling
- Staggered-tooth comb for superior cutting performance
- Transparent front-guard for accurate view of cutting blades
- User-friendly loop-handle allows the operator to reach over the engine
- Cutting speed of 4,100 cuts per minute on growth up to 1” thick
- Available in 19, 24 and 30-inch blade lengths

All Little Wonder Gas Hedge Trimmers are designed to provide outstanding performance during years of heavy-duty daily use.
