C5 Blower

Compact, Nimble and Powerful!

1.25" tubular handle and frame provides exceptional durability. ▶

Rugged, dependable professional-grade Kohler® 196cc engine.

Large 16" impeller. ▶

Multi-position handle features variable height settings and padded grips for operator comfort. And it folds down for easy storage when the work is done.

Heavy-duty steel engine deck.

Flat-free 10" front and 16" rear tires allow for easy steering and maneuverability on uneven terrain. ▶

AIM RITE™
nozzle adjustment

Aim Rite™ discharge nozzle easily adjusts to blow air in any direction—downward to move heavy, wet leaves, horizontal for wider coverage and forward to clean areas close to walls and curbs.

The Little Wonder C5 blower features the patent-pending Aim Rite™ nozzle that can be easily adjusted to blow air in any desired direction: downward to dislodge heavy, wet leaves, horizontal for wider coverage, and forward to clean areas close to walls and curbs. Powered by a durable 196cc Kohler engine and a large 16" fan, it produces more air and covers more ground than backpack blowers. And without the back strain. Large, flat-free front and back wheels provide great stability over rolling terrain and slopes. A thickly padded and adjustable handle gives the operator comfortable grip. When the work is done, the handle folds entirely forward so that the unit can be stored out of the way until next time. The Little Wonder C5 blower is backed by a 2-year residential warranty and a 90-day commercial/rental warranty. The engine is warranted separately by the manufacturer.

up to **4 TIMES**
